HEAR REPORTS, ELECT OFFICERS AT PARENT-TEACHER FEDERATION MEETING; PLAN ANNUAL LUNCHEON

**All Day Gathering to Be Held June 10; Country
Carnival for May Day Festival on Grounds at
John Robert White Home May 20**

The regular meeting of the Federation of Parent-Teacher associations was called to order in the library of the intermediate school yesterday afternoon at 2:15 by the president, Mrs. John Robert White. After the singing of two verses of "America" the flag salute was led by the chairman of patriotism, Mrs. W. M. Crawford.

F. I. Drexler, director of the Chautauqua, told of the splendid programs which have been arranged for the seven days' entertainment, both afternoons and evenings. He stated that one of the great problems of the present day is that of providing suitable entertainment and amusement, that is clean, instructive, amusing and entertaining.

Annual Luncheon June 10
The question of having a conference instead of the annual picnic was then taken up. It was decided that the federation would accept the offer of the ladies of the First Methodist Episcopal church to provide luncheon for a guarantee of 300 plates at 60 cents each, to be held at noon June 10, in the social hall of that church.

The conference to begin at 10 o'clock in the morning and also to continue after lunch until 4 o'clock in the afternoon. A program will be arranged and reports heard at that time.

The treasurer's report showed a balance of \$102.45 in the treasury with all bills paid up to date.

Reports Are Submitted
Reports were then heard from Mrs. A. H. Brown, parliamentarian; Mrs. M. Kuehny, recording secretary; Mrs. J. I. Wernette, vice-president; and also from the following P.-T. A. presidents: Mrs. O. W. Eselman, Acacia avenue; Mrs. Mabel Horner, Broadway; Mrs. W. A. Campbell, Central avenue; Mrs. E. B. Moore, Cerritos avenue; Mrs. W. H. Dotson, Colorado street; Mrs. H. V. Henry, Columbus avenue; Mrs. Peter Diederich, Doran street; Mrs. H. W. Yarik, high school; Mrs. H. V. Brown, Intermediate; Mrs. P. O. Lucas, Pacific avenue; Miss Saxon, Magnolia.

The chairmen of departments were then called upon for their reports, as follows: Mrs. C. H. Crawford. (Continued on Page 5.)

All Women Officials Re-elected by Town

JACKSON, Wyo., May 12.—No more man will have a voice in the affairs of municipal government in Jackson, according to returns today from yesterday's election. All the women officials were re-elected for another year with plenty of votes to spare.

Miss Pearl Williams, 22, and pretty, will wear the city marshal's star again. Mrs. Grace G. Miller continues as mayoress and Mrs. Genevieve Van Vleck and Mrs. Faustine Haight as councilwomen.

The male citizens admit the women elected a year ago have given the most successful administration ever and that Miss Williams' work as marshal has been above reproach.

Charles Potter Here; Away For Three Years

Surprising his many local friends as well as his mother and sister, Charles Potter returned to Glendale the first part of the week after an absence of over three years. He has just arrived from Hampton Roads, Va., where he has been stationed at Langley field, which is a government aviation ground.

Mr. Potter enlisted in the ground service of aviation early in 1918 and was sent to San Francisco, where he immediately passed the necessary examinations to become a flier, and was given a commission of second lieutenant. He was then assigned to a Texas flying squadron, where he remained for several months. Since then he has been stationed at the Virginia camp.

After he spends a few weeks with his mother, Mrs. A. N. Potter of North Everett street, this city, Mr. Potter plans to re-enlist as a flier in the army. In all probability he will be sent back to Langley field.

Noted Artist Will Appear At Benefit

Another splendid artist has been secured by Mrs. A. H. Montgomery for the garden fete to be given Saturday afternoon at Riverdale Drive and Central avenue for the benefit of the Monte Vista home for undernourished children.

Mrs. Lillian Seibel Carr, mezzo-soprano, who is at present visiting in Glendale, has consented to give a group of songs. She is a graduate of the Chicago Musical college and of the American Conservatory of Music of Chicago and is a pupil of Mary Forest Ganz of Chicago. Mrs. Carr sang at the Tuesday Afternoon club several years ago.

The art class of the high school, under the direction of Miss Irene Muller, have made ten beautiful posters which are now on display in the business section advertising the garden party.

Plan Moonlight Hike To Mt. Wilson Friday

The boys of the intermediate school under the supervision of A. T. Blanford, Rex C. Kelley and Alfred Cookman, will enjoy a moonlight hike to Mt. Wilson Friday night. Rex C. Kelley, local Y. M. O. A. secretary, has arranged for the boys to be taken through the Mt. Wilson observatory Saturday morning, and to have the man in charge explain the workings of the telescopes, etc., to the boys.

Mr. Cookman, of the science department of the Glendale union high school, will tell the boys of the mountain flowers, birds, and other things in connection with nature study. It is expected that about seventy boys will go on the trip.

NOTED EXPLORER AT CHAUTAUQUA FOR TALK TONIGHT

VILHJALMUR STEFANSSON TO
TELL OF HIS EXPERIENCES
FIVE YEARS IN ARCTIC

A most interesting afternoon is promised at the Chautauqua today with the announcement that the entire time will be given over to the Roach-Freeman duo, the performance beginning at 3:30 o'clock. Ada Roach and Ruth Freeman are noted for their inimitable character sketches, mimicry and musical ability.

The entire evening's program, beginning at 7:30 o'clock, sharp, will be given over to Vilhjalmur Stefansson, who has explored 160,000 square miles of the polar seas and will speak on "My Five Years in the Arctic."

The programs for tomorrow include a lecture at 10 o'clock in the morning by F. I. Drexler on "The Glory of America." In the afternoon there will be a prelude by the Orpheus four, one of the best male quartets in the country.

Found in Los Angeles
The Chautauqua tried all over the country to secure a quartet and found the best right in Los Angeles. The Orpheus four won an international grand prize at the Panama-Pacific exposition.

This will be followed by a humorous lecture, the only one of this type to be given during the entire week, by Marshal Louis Mertins, who will include in his lecture some of his own poetry. For a number of years Mr. Mertins was an editor on the Kansas City Star.

The program tomorrow night will be given over to the Orpheus four, the best trained quartet in America. The junior Chautauqua will be held every afternoon, after the regular program, on the grounds of the Colorado street school.

Last Night's Program
The guarantors of the Chautauqua are requested to turn in any unsold tickets or cash on hand before 11 o'clock tomorrow morning, Friday, May 13, to the secretary, John MacGregor.

Mrs. John Cotton, 1137 San Rafael avenue, accompanied Mrs. Hunter, mother of the bridegroom, to the wedding.

After a short trip Mr. and Mrs. Padel will make their home in Los Angeles.

ROLL INTO HEADQUARTERS;
SIGN COUPON TODAY

With approximately \$250 subscribed already to the Glendale Boy Scout fund, every "big brother" in Glendale is being given the opportunity of sending his contribution to R. L. Kent, secretary of the local Scout Council, 130 South Brand boulevard. A coupon is being published daily by The Glendale Evening News which can be used for remittance purposes. It will be found on page 4 today. Checks should be made payable to Herman Nelson, treasurer.

The ready response from members of the council and others indicate that the whole town is heartily supporting the Boy Scouts here and the employment of H. Benjamin Robinson as assistant scout executive for the balance of the year is assured. There is little need to dwell on the activities of the Boy Scouts. They are too well known, but it is necessary to call to the attention of everyone that they need financing.

John Charles M'Coy And Miss Cox To Wed

Among the many recent local engagements announced it is reported that John Charles M'Coy, son of A. H. M'Coy of 1127 East Wilson avenue, this city, will soon claim as his bride Miss Margie Anna Cox of Los Angeles. No date has been definitely set for the wedding, but it is understood by friends of the popular young people that the affair will take place within the next few months.

Both Miss Cox and Mr. M'Coy are well known and popular among the younger social circle of Glendale and Los Angeles, and all of them predict a happy and prosperous future for the newlyweds-to-be. The romance is a culmination of several years' acquaintance, the young couple having met in 1914 which was the year that Mr. M'Coy graduated from the Glendale union high school.

Mr. M'Coy is an employee of the Standard Oil company in Los Angeles as is also his fiancée, both of them holding responsible positions with the large corporation.

IMPROVING STREETS TOPIC OF LETTERS FROM OFFICIAL

EXTENSION OF CALIFORNIA
IS DISCUSSED; SITE OF
DEPOT POINTED OUT

Copies of letters from City Manager T. W. Watson, addressed to J. G. Huntley and Mattison B. Jones, relative to the extension of California avenue to connect with San Fernando Road, were filed with the Chamber of Commerce, and on motion the board of directors referred them to the public utilities committee, of which E. P. Hayward is chairman.

Following is the letter to Mr. Huntley:

"Inclosed herewith you will find copy of letter that I am mailing this date to Mattison B. Jones in regard to the extension of California avenue west to connect with San Fernando Road. I am also inclosing two blue prints; one indicating a possible plan for connecting Broadway, Wilson and Salem streets with California avenue when the same is extended as proposed, thereby making connection with San Fernando Road, also proposed crossing under San Fernando Road and the Southern Pacific tracks.

"This plan would work in very nicely with the subdivision of property in that section. It would not cost a large sum for opening inasmuch as property through which the streets would extend would all be benefited thereby.

"The Edwards & Wilder people are asking that proceedings be started for opening Wilson avenue and Salem street.

Three Separate Proceedings
"I believe the best way to solve this problem is to have three separate street opening proceedings started at the same time; one for opening California avenue as set forth and one for opening Salem street extending that street west as proposed on (Continued on Page 3.)

Need Snow Shovel In Your Home? L. Beach Offers One For Sale

L. B. Beach of 1227 North Brand boulevard evidently believes that The Glendale Evening News classified columns will sell everything.

True, the liners do sell thousands of articles each year. But when he advertises a snow shovel among other things, there is just one thing for The Glendale Evening News to do to keep its record of successful sales clear.

That's to offer two-bits for the snow shovel delivered to the editorial department of this office.

Mr. Beach does not explain why he wants the snow shovel in southern California.

Perhaps he will use it for a sun shade.

H. G. Wittler Moves Into Temporary Home

H. G. Wittler, who has been living at 1009 East Lomita avenue for the past six months, with his wife and little daughter, Jeannette, moved yesterday to the house recently built by Mr. Wittler at the corner of Elk avenue and Everett street. The former home on East Lomita avenue will be occupied in the future by Mrs. Wittler's mother, Mrs. E. A. Carter, and her brother, W. J. Carter, who is one of the gassed ex-soldiers who have been convalescing at Thornycroft hospital.

In Southern California

Strike Menaces South's Shipping
Southern California shipping is
facing a tie-up as a result of the
seamen's strike. Only three lines
into Los Angeles harbor were run-
ning on regular schedule, but the
majority of boats are tied up in the
different Pacific ports.

Seek to Extend Line
Dr. C. R. Lusby of this city and
J. H. Lord, formerly a resident of
Glendale, owners of a stage line be-
tween Pasadena and Pomona, have
asked permission of the railroad com-
mission to continue their line to and
through Claremont.

Physical Education Proven
Pasadena has proven that physical
education makes expert athletes of
girls as well as boys. An exhibition
of the former yesterday included soc-
cer, football, swimming and athletic
tumbling which would equal a circus.
A mass drill, spectators say, was a
wonderful performance.

Medical Association Meeting
The annual convention of the Cal-
ifornia State Medical association is
being held at Coronado this week. A
campaign to educate the public on
the work of the medical profession is
being urged and organized group
service is advocated. There are 700
members in attendance, including
several from Glendale.

Fete for Enlisted Men
A fete for more than 5000 enlisted
men attached to the Pacific fleet and
submarine base at San Pedro is plan-
ned for May 28, prior to the squadron
leaving for a long cruise of summer
maneuvers, beginning June 4. Long
Beach, Point Firmin park, Exposi-
tion Park and Venice are suggested
as places where the big event may
be held.

Chaplin Not Badly Burned
Physicians attending Charles Chap-
lin announced that the famous film
comedian will be able to resume work
within a few days following an acci-
dent at his studio in which he was
painfully burned. Chaplin was work-
ing on a scene of his latest picture,
"Vanity Fair," when he stumbled
over a lighted blow torch. Immedi-
ately his clothing became a mass of
flames and before co-workers suc-
ceeded in smothering the blaze with
blankets, the comedian was burned
on the legs. That Chaplin's injuries
were not more serious was attributed
to the fact that he had donned an
asbestos undergarment as a precau-
tion against being burned while work-
ing with the blowtorch.

It Happened in Southland
Odd things happen in the course
of a day in southern California.
A Los Angeles man looked into an
elevator shaft to see whether the cage
was coming down. He lost his head.
A launch to kill mosquitoes has
disappeared at Los Angeles harbor.
Maybe the pests ate it. Anyway the
health department has lost its boat.
Students of Hollywood high school
are going to hold a Roman banquet
tomorrow, for 'tis the Ides of May.
California grape juice will be sub-
stituted for the wine, however, in an
otherwise Roman menu.
Pasadena's police chief, A. O. Mar-
tin, after three weeks' incumbency,
was forced to resign by City Manager
C. W. Keiner. He enforced the cur-
few law and drove the majority of
motorists from the streets by the
activity of his traffic officers.

Aged Physician Is Accused
Dr. John Kutch, 80 years old, was
arrested early today in Los Angeles,
charged with suspicion of murder
following the death yesterday of Mrs.
Marguerite Sanderson Fitzgerald, 19,
a bride of two days, who is alleged
to have made a deathbed statement,
declaring the aged doctor performed
an illegal operation upon her.
The girl was married last Monday
at the Methodist hospital, where she
died, to Thomas F. Fitzgerald, a
clerk employed by the Western Union
Telegraph company.
Dr. Kutch, who is almost blind,
protested against being taken into
custody and is said to have told
agents of the state board of medical
examiners who caused his arrest that
he does not remember the girl or
Fitzgerald.

Alleged Gang Of Car Thieves Being Sought

PORTLAND, Ore., May 12.—The
Independent Motor Sales company
here is closed by federal officials to-
day and telegraphic orders to arrest
its four missing promoters, said to
be leaders of a gang of international
automobile thieves, have been flashed
to all points on the Pacific coast.
The gang is said to have operated
in Everett, Seattle, Los Angeles and
other cities. Officials claim that at
least \$10,000 worth of cars are in
transit at the present time. The
local motor sales company is said to
have been the central clearing house
for the stolen machines.
Early collapse of the company
here was brought about by the
arrest of Nick Sullivan, one of the
promoters on a warrant from Los
Angeles, charging him with perjury
in bankruptcy proceedings. Sulli-
van was temporarily released here
on \$1500 bail. He immediately dis-
appeared, as did his partners in the
motor sales organization.
Investigation of the concern dis-
closed its true nature, according to
federal officials.
The men wanted, in addition to
Sullivan, are James Collins, James
Hennessey and John Friedmann.

As the time for the re-election of
city officials or the election of new
officials to fill the offices of the city
is nearing, the question comes up as
to whether the new city charter has
been signed by the governor. As-
semblyman John Robert White has
answered this question by giving the
information that "the signature of
the governor is not a part of the of-
ficial adoption of the charter. The
charter is a concurrent resolution
adopted by the senate and assembly
and goes to the governor's office
merely to be filed by the secretary.
It is signed by the speaker of the
house, the president of the senate
and secretary of the state."

IMPROVING STREETS TOPIC OF LETTERS FROM OFFICIAL

EXTENSION OF CALIFORNIA
IS DISCUSSED; SITE OF
DEPOT POINTED OUT

(Continued from Page 1)
plot, also east to connection with the
portion of street already dedicated,
and one proceeding for Wilson ave-
nue extending that street west as set
forth on plot, to intersection with
Concord street, also northwest to in-
tersection with San Fernando Road,
also easterly to connect with Wilson
avenue now opened to Pacific ave-
nue. Concord street should also be
extended as proposed to connect with
Broadway, intersecting California
avenue, Salem street and Wilson ave-
nue.

Site for S. P. Depot
"The other blue print is on a
larger scale, indicating plan for the
intersection of San Fernando Road,
Wilson and California avenues. As
you will note one branch of this in-
tersection will meet the grade of San
Fernando Road, the other branch
will extend under the Southern Pacific
tracks. Between them will be a
plot of ground with three street
frontages of about 200 feet. This
would be well situated for a South-
ern Pacific depot and would be ac-
cessible from all sides for traffic and
could be reached from the Southern
Pacific tracks by passengers with-
out having to cross San Fernando
Road or the Southern Pacific tracks
at grade.

"I believe it would be well worth
the effort of the city, working with
the interested parties and the Cham-
ber of Commerce committee on rail-
roads and highways to give these
matters immediate consideration
with the view of working out plans
as suggested or as further study
might determine advisable."

Four Objectives
In the letter to Attorney Jones,
which follows along the same lines,
Mr. Watson says in part:

"From the standpoint of the en-
tire community there are four ob-
jectives that could be obtained by
this plan which are as follows:

"1. A direct entrance to the busi-
ness section of the city from San
Fernando Road.

"2. A direct entrance to the city
of Glendale for traffic that will de-
velop in connection with the indus-
trial district that seems assured just
west of the city between the South-
ern Pacific tracks and the river.

"3. A direct road to Griffith
park.

"4. A location for Southern Pacific
passenger depot that would be
easily accessible and have the big
advantage that it could be reached
by passengers from California ave-
nue as it passes directly under the
tracks so that the passenger traffic
would cross the San Fernando Road
and the Southern Pacific tracks in
absolute safety from trains and traf-
fic on San Fernando Road.

"It is my opinion that a passen-
ger depot at a point of advantage as
proposed should have serious consid-
eration at this time."

a laugh from renting agents a year
ago.

Proof of Proven Ground!

Three More Drilling Sites!

That was Metcalf-Hinckley's announced policy from the first—to drill only on proven ground! Stockholders are getting exactly the kind of swift and certain action that was promised—for THREE MORE DRILLING SITES have been secured, close to production, still closer to wells in the oil, and in the proven, "cinch production" belt of the famous Huntington Beach field.

Metcalf-Hinckley's Derrick

You'll see the derrick standing practically complete by the end of the week! In its very shadow the Pantages-Huntington is in the oil—and a few feet away lies the restricted district of Huntington Beach, which protects us against offset wells, and allows one well to tap the immense restricted acreage.

We are going on absolute knowledge when we tell you that the chance to buy in on Metcalf-Hinckley is not going to be open for more than a very short period. Even aside from all other considerations, response to this offering has been so heavy that oversubscription looks like a certainty.

You know what Huntington Beach has done for its landowners and investors. You know that Metcalf-Hinckley is the REAL THING in oil companies. Then get your stock—get it at once—get it TODAY! Make your order through the mails if you cannot call on us at our office.

TRICK BALL BEING USED, IS BELIEF OF SOME FANS

NUMBER OF HOME RUNS CAUSE RUMORS OF LAST YEAR TO BE REVIVED AGAIN

BY HENRY L. FARRELL
United Press Staff Correspondent
NEW YORK, May 12.—One hundred and five home runs in the major leagues in one month of slug campaigning has revived the trick ball rumors of last year.

The 1920 season was thought to be the peak of long clouting, but this new season promises to surpass all marks.

Babe Ruth is two weeks ahead of his 1920 schedule and he has camping at his heels a new National league king in George Kelly and several other near kings around both circuits.

When eight homers were knocked in one day the fans, perhaps, should be justified in thinking that a lively ball is in use.

Trick Ball Is Charge
Last year the American league, which set the pace in slugging, was charged with adopting a ball built to fly over the fences. It was made known, however, that the balls used in the two major leagues were made in the same factory and were different only in the color of the stitches and the names on the horsehide.

This year the National league is charged with putting out a trick ball to help make some Babe Ruths in the older circuit.

"That talk is foolish. The ball is of exactly the same composition as it has been for years," President J. A. Heydler said.

His statement is confirmed by an official of the company manufacturing the pellets.

Both are willing to open a ball if it is necessary to convince the skeptics.

Pearce's Pets Lose To Kitchen Police

An interesting bowling match was staged on the alleys at the Elks' club when a series of three games was played, winner to be determined by the highest total score for the three games, the result of a challenge given out by the Elks' "Kitchen Police" and accepted by "Pearce's Pets," the former team winning by the close margin of nineteen pins. The score by game and the players were as follows:

"Kitchen Police"			
Joe Fortunato	179	152	148
Rommel	226	145	164
Viohl	177	173	146
Ward	141	166	148
Caswell	155	167	191
Totals	878	803	797

"Pearce's Pets"			
Huesman	142	167	164
Dodson	114	164	182
Moore	176	164	156
Chambers	136	166	173
Apfel	164	213	178
Totals	732	874	853

America's Polo Team Making Good Showing

NEW YORK, May 12.—America's polo team now getting ready for the international cup matches in England is making a most impressive showing.

Devereaux Milburne's four won the first three practice matches in a style that has opened the eyes of the British sportsmen.

While the teams played a remnant of the class that will defend the cup next month, the Americans have beaten good teams and have shown fine form by piling up big scores.

Press comment from the other side indicates that the British are none too sure that the cup will not be brought back to America.

Captain Milburne and his men are not boasting. They are telling interviewers that they have a fair chance to win.

The same lack of bragging that the British have come to accept as a part of the American make-up has been carried out by the amateur golf team.

Since the building of the first railway in northern Ontario, in 1903, led to the discovery of silver in that region, approximately \$3,000,000, 000 have been produced by the gold and silver mines of Ontario.

Watching Scoreboard

Yesterday's hero — Southworth. The Braves' outfielder hit a double and four singles and scored the run in the thirteenth inning that beat the Pirates, 1 to 0.

Fred Toney had too much stuff for the Cardinals and the Giants hitting Deak opportunely, won 4 to 1.

The Cleveland Indians raised the world's championship pennant and then knocked Walter Johnson out of the box, beating Washington, 14 to 1.

Cobb's brilliant work in the field and on the bases was responsible for Detroit's 7 to 1 victory over the Yanks.

Mulcennan's wildness and careless playing enabled the Red Sox to beat the White Sox, 3 to 2.

Wrightstone and Williams hit homers, but the Cubs rapped out eight doubles and beat the Phillies, 19 to 8.

Moore's base on balls paved the way for the run that enabled the Browns to beat the Athletics, 1 to 0. Jimmy Johnston's home run was the deciding factor in the 5 to 4 victory of the Robins over the Reds.

Coast League Leaders Smother Salt Lake

SAN FRANCISCO, May 12.—The Seals had another field day yesterday, the Coast league leaders winning from Salt Lake, 11 to 7. Thirteen Seal hits were responsible.

Sacramento treated Los Angeles still more cruelly. Eleven to two was the score by which the Solons won. Sacramento made five of its runs in the sixth inning and Los Angeles never had a chance. Portland shook itself a bit and beat Vernon, 5 to 6. The Beavers seemed to have the number of "Slim" Love, who was pitching for Vernon. They hit safely ten times.

Seattle pulled its game with Oakland out of the fire in the fifth inning when, with Oakland with three runs ahead, the Rainiers drove four men across the plate. The final score was, Seattle 8, Oakland 6.

Harry Lunte Handed To Sacramento Team

SACRAMENTO, May 12.—Harry Lunte, infielder, has been turned over to Sacramento by the Cleveland Indians in the trade for Walter Nails, Charles Morsing, owner of the Sacramento club announced.

Lunte was returned to the minors because he failed to hit well last season. He is scheduled to play at shortstop, Billy Orr becoming utility infielder and pinch hitter.

Lunte fielded .979 in twenty-one games as shortstop with the Indians last season. He joins the Solons in June.

High School Pitcher In No Hit, Run Game

WILKESBARRE, Pa., May 12.—Harry Williams, pitching for his high school team against Luzerne in the interscholastic league, placed himself in the first rank of young pitchers by hurling a no hit, no run game.

A concert sung by members of the Chicago Grand Opera company into a wireless telephone at San Francisco was heard as far east as Salt Lake, as far north as Southern Alaska, as far west as Honolulu and as far south as Point Loma, close to the Mexican border. Ships on the Pacific within a radius of fifteen hundred miles also heard the concert.

BASEBALL RETAINS FAITH OF PUBLIC, FIGURES SHOW

INCREASED ATTENDANCE FOR MAJOR LEAGUE GAMES, IS COMMISSION REPORT

CHICAGO, May 12.—Baseball magnates have succeeded in retaining the faith of the American public in the national game through giving Judge K. M. Landis supreme power over the sport.

This was shown today when figures for attendance at the major league games throughout the country so far this season were made public here by the national commission through the United Press.

The average attendance at games so far this year has been between 4000 and 5000 over that of last year. Unofficial figures show the major leagues are averaging about 22,000 persons for seven games a week.

Nearly 3000 more fans are watching the minors play daily than last year, it was estimated.

Telegrams to the national headquarters here from magnates and managers all over the country were unanimous in declaring that credit for the increased popularity of the game goes to Judge Landis' announced determination and effort to keep the sport clean.

"It is through your efforts to rid the game of irregularities that we are getting good crowds," one message from a baseball leader to Landis read.

Picturization Of Noted Novel Glendale Feature

"No matter what was in your past, it is the man you are now that I love," Jocelyn Wray told John Steele, a famous criminal lawyer, and the red-blooded, two fisted hero of "Half a Chance," the Robert Thornby special produced by Jesse D. Hampton today, Friday and Saturday, showing at the Glendale Theatre.

But when he was identified as an escaped murderer she turned from him in horror. Then he told her that he had been a prize fighter, of whom drink had made a derelict. A murderer was framed up against him and he was convicted. He escaped, was ship wrecked and cast ashore on a desert island, where he spent the years until his rescue studying law from books found on a wreck.

Did she believe him innocent? Did she love him in spite of his past? Did she admire the spirit and the grit of the man who had conquered with less than half a chance. Your curiosity will be entertainingly satisfied when you see "Half a Chance," an adaptation of Frederic S. Isham's greatest novel, with Mahlon Hamilton and Lillian Rich featured.

That isn't all of the program, however. "She Sighed by the Seaside," featuring Ben Turpin in the Associated Producers latest Mack Sennett comedy is the first of the newest contract with the comedy kings. The same bill holds over tomorrow, Madame Clement plays "Sweet Bunch of Daisies," as the special organ number.

Six consecutively numbered coupons clipped from The Glendale Evening News will entitle the bearer to see this great show. Manager W. A. Howe reports that many are taking advantage of his generous offer in giving every subscriber to The Glendale Evening News one free admission to his theatre.

Four New Ford Cars For Rental Company

A deal has just been completed between the Baker Ford Rental company located at 201-203 East Broadway and Jesse E. Smith, local Ford dealer, for the delivery of three new Ford touring cars and one Ford coupe to replace the cars used at present by Mr. Baker. This is an indication that there is an increasing call for rented cars that is keeping pace with the tremendous demand for Fords by private parties as shown by the volume of sales at the Ford agency in the last few months.

Mr. Baker has had a wide experience in renting cars to the public, with and without drivers. Any person of experience such as his will say that the acid test of a car is in

renting cars to let people drive themselves, that is why the Ford is his choice. Low upkeep, greater utility, greater roadability, longer life, all of these things must be considered in the buying of cars for his business in order to come out ahead when the profits are figured up.

The heavy demand in Glendale for cars to rent by people who want to drive themselves, Mr. Smith says will insure a good substantial business for Mr. Baker in the coming year.
